Sala del Giardino

The Sala del Giardino, next to the Sala del Portego and communicating with it, faces directly onto Palazzo Franchetti's garden. Particularly well lit, it can be used as a support area for the Sala del Portego, with which it is connected by video-conference facilities, and for independent meetings or as a room for lessons or seminars. It is often used to provide catering services for conferences held in the Sala del Portego because it also has direct access to the garden.
